EDUCATION

Ajeenkya D Y Patil University

B.Tech in (IT) Cloud Technology and Information Security — SGPA: 10— CGPA:9.90

Pune, India

Aug 2022 - Ongoing

Sri Chaitanya Jr. Kalasala

Higher Secondary Education — Percentage: 93.9

Hyderabad, India

April 2020 - May 2022

Sri Chaitanya High School

Secondary Education — Percentage: 87.6

Hyderabad, India

April 2018 - March 2020

SKILLS & COMPETENCIES

Programming Languages: C, Python, Java, Dart, SQL, Shell Scripting

Development: HTML, CSS, Tailwind CSS, JavaScript, Node.js, Express, EJS

DevOps Tools: Git/GitHub, Terraform, Pulumi, GitLab, Redis

Cloud Computing: AWS, MS Azure, Google Cloud Platform

Languages: English, Hindi, Gujarati

Course Activities: Cloud Architecture Design, Network Security Labs, DevOps Pipelines

Academic Projects: Quantum Cloud Integration, AI-Powered SaaS Platform, SkyVault

CS Fundamentals: DSA, DBMS

WORK EXPERIENCE

Web Development Intern

Marquardt India Pvt. Ltd., Pune

June 2025 – Present

- Selected as a Web Development Intern to contribute to frontend development, UI/UX enhancements, and full-stack feature implementation in ongoing projects.
- Developing and maintaining responsive web interfaces using **HTML5**, **CSS3**, **JavaScript (ES6+)**, **EJS templates**, **MySQL**, and **Express.js**, ensuring adherence to established design systems and coding standards.
- Collaborating with senior developers to perform unit testing, debugging, and performance tuning of web applications, focusing on cross-browser compatibility and optimized load times.
- Working with the IT & Automation team to maintain internal dashboards, integrate data-driven components, and streamline workflow processes through automation and database-driven solutions.

IT Intern – Placement Coordinator, IT Department

Seamless Education and Services (Seamedu) Pvt. Ltd., Pune

March 2025 – June 2025

- Selected as a Trainee Intern in the IT Department at Seamedu School of Pro-Expressionism, with responsibilities in IT infrastructure exposure, software tools utilization, and process optimization to support departmental objectives.
- Coordinated end-to-end placement activities for the IT Department, including scheduling recruitment drives, managing candidate databases, preparing technical reports, and tracking hiring metrics.
- Facilitated structured communication between students, faculty, and recruiters using digital collaboration platforms, cloud-based data sharing tools, and automated notification systems.
- Supported the integration of IT solutions into placement processes to improve operational efficiency, data accuracy, and stakeholder engagement.

Cloud Research Intern

Indian Institute of Technology Ropar, Punjab

May 2024 – July 2024

- Engaged in research under the mentorship of an IIT professor, focusing on distributed computing and serverless architectures.
- Implemented **XFbench** and **XFaaS** frameworks, including setup, configuration, and validation of benchmarking tools for Function-as-a-Service (FaaS) environments.
- Designed and deployed serverless functions on modern cloud-native platforms with emphasis on scalability, modularity, and low-latency execution.
- Conducted performance profiling, bottleneck analysis, and optimization of serverless workloads using benchmarking metrics, instrumentation tools, and workload simulation techniques.
- Selected as part of the **Summer Research Fellowship Program 2024** by the **Indian Academy of Sciences**.

PROJECTS

- **Storage SaaS Platform**, Built a **Software-as-a-Service (SaaS) platform** leveraging AI to provide automated business solutions.

Tech Stack:

- **Framework:** Next.js 14
- **Styling:** Tailwind CSS
- **Database:** Prisma, Neon DB (PostgreSQL)
- **Authentication:** Clerk
- **Video Storage:** Cloudinary
- **Deployment:** Vercel

[GitHub](#)

- **Quantum Cloud Integration**, Developed a hybrid cloud-quantum system integrating cloud computing with quantum processing for enhanced computational efficiency.

Features:

- Workflow integration between classical cloud and quantum systems.
- Secure and scalable hybrid cloud implementation.
- **Tools Used:** AWS, IBM Quantum, and Docker.

[GitHub](#)

- **SkyVault**, Built a personal cloud storage system using Docker containers, providing an interactive UI.

Features:

- File uploading, listing, and downloading functionalities.
- Dockerized deployment for easy scalability.
- Secure authentication and data storage.
- **Tools Used:** Flask, HTML, CSS and Docker.

[GitHub](#)

ACHIEVEMENTS

- **Semeadu Awards for Creative Cloud Integration Award** - 23rd April 2025
- **School Rank: 3 in SOF International Mathematics Olympiad** - March 2019

EXTRA-CURRICULAR ACTIVITIES

- **Vice President** in Matheletes(Maths Club) - March 2023 - July 2025
- **Core Member** in Happier and Safer Internet Club - October 2023 - October 2024

CERTIFICATIONS

- **Fortinet Certified Fundamentals in Cybersecurity**
- **Fortinet Certified Associate in Cybersecurity**
- **Zscaler: Fundamentals of Cybersecurity (EDU-102)**
- **Zscaler: Zero Trust Certified Associate (ZTCA)**
